ANUBHA INTERNATIONAL: A PROFILE

ANUBHA INTERNATIONAL is a leading consultancy and marketing organization with a long history of success and reputation. Since its inception in 2005, its trained, experienced and knowledgeable team has been offering customized services to its clients in planning, installation and commissioning of a wide variety of products like home theater systems, fire alarm systems, security systems, home automation systems etc.

Our mission is to work alongside clients to develop efficient and affordable solutions to meet the most stringent quality requirements along with the aim of providing the latest technological and additions hitting the global market and trends.

The modus operandi of the organization is based on an open culture model and aims at dedicating highly experienced people, with a clear vision of the customer's demands and expectations.

COMPANY HISTORY

In 2005, a group of experienced, dynamic and enterprising professionals from the national electrical industry came together with the vision of establishing Anubha International based on the concept of providing customized turn-key solutions in electrical, entertainment and security surveillance installations.

Anubha International has a dedicated and professional team headed by Mr. Vipin Sharma who possess a real experience of 32 years in this profession.

MANAGING DIRECTOR

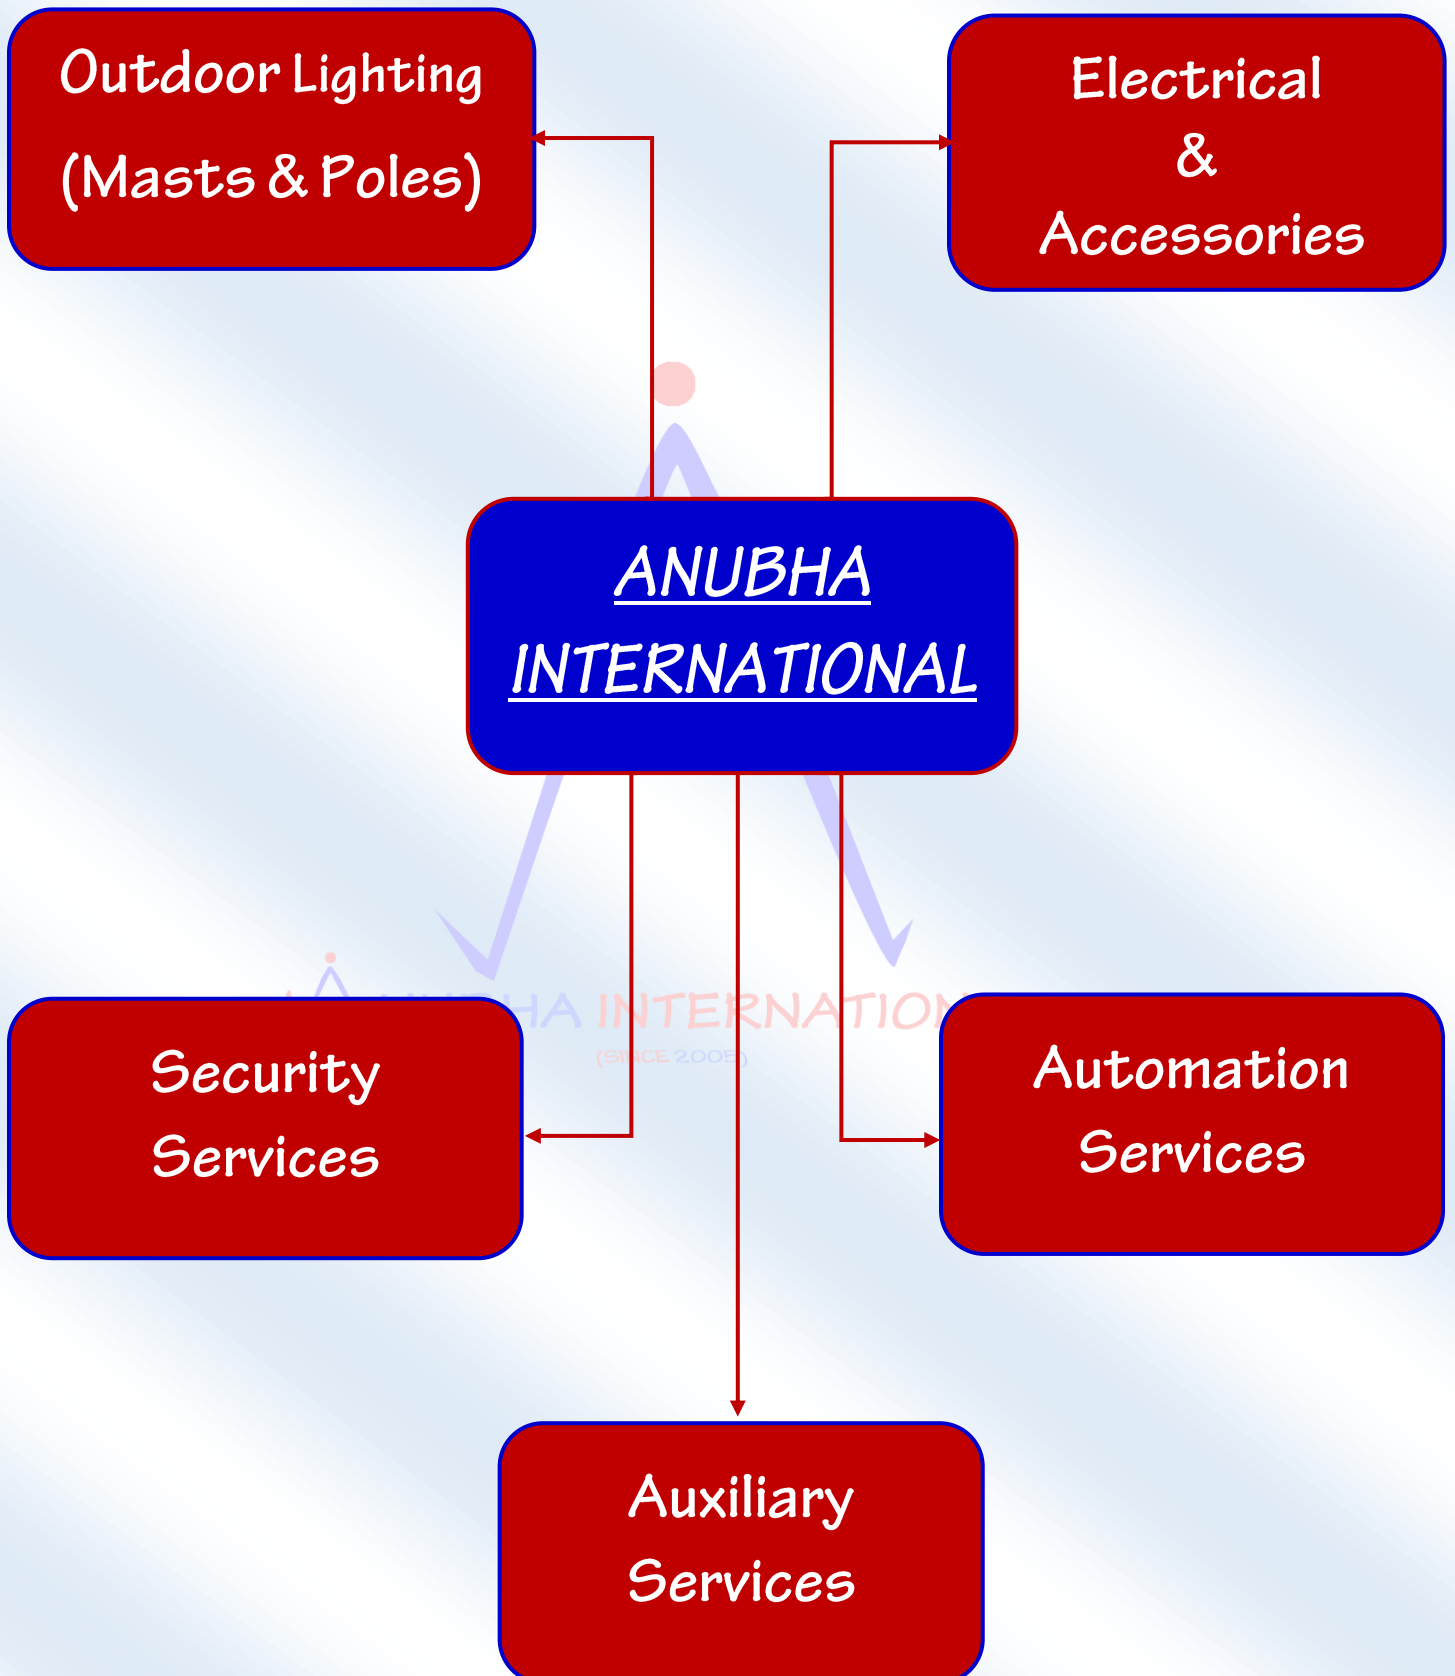

Mr. Vipin Sharma

Mr. Vipin Sharma, the Managing Director of Anubha International, holds a Master's Degree in marketing from Delhi University, New Delhi. With over 32 years of experience in the Electrical Industry, he has led Anubha International since its inception in 2005, on a steady and firm path of growth in the fields of marketing of Electrical installations, home theaters, home automations and lighting.

With a rich and wide experience in marketing and selling of various types of products and ensuring their rapid growth in multinational and national companies of repute from 1989 -2004, Mr. Sharma has nurtured his organization with a high level of professionalism in working with multiple clients, providing need based new/innovative products and offering customized services/strategies to ensure customer's satisfaction.

OUR SERVICES IN PROJECTS SECTOR

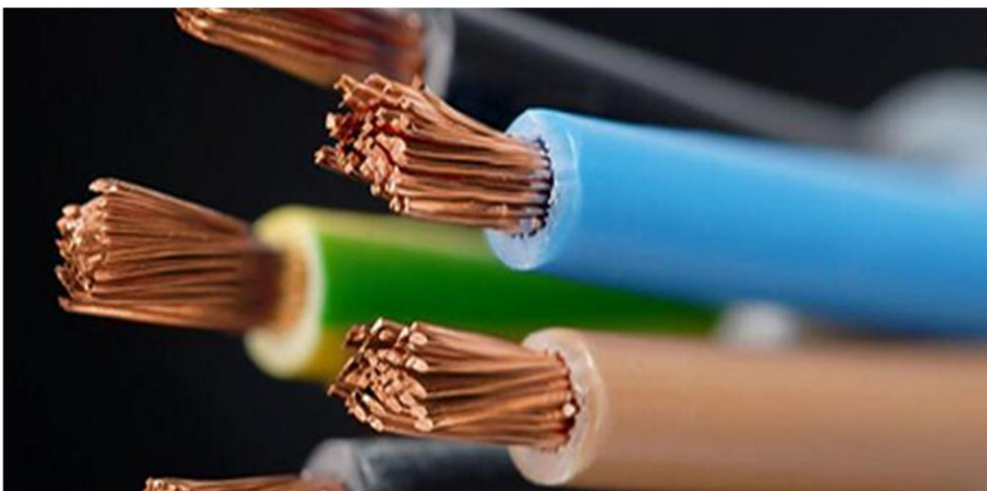

Electrical services & Accessories

Electrical planning is the most integral part of any premises as the operation, layout and utilization of the equipment depends on it. Also the lighting plan is dependent on the electrical planning. We at Anubha International take the electrical planning, consultancy and execution very seriously and provide to our customers highly optimized plans which not only bring down the overall cost of this aspect of any project but also ensure flawless operation.

We provide the following services under this banner:

- 1) **Electrical Planning & Consultancy**
- 2) **Electrical Execution**
- 3) **Servo-voltage Stabilizers**
- 4) **Electrical Mains panels**

OUTDOOR LIGHTING

(POLES AND MASTS)

When you have a large premises with open areas, it becomes of utmost importance to have adequate lighting in those areas so as to ensure proper working as well as security. We at Anubha International have been in this particular line since a decade and have delivered countless projects in which mega scale lighting was the focus. Some of our major Mega Lighting projects are Integrated Check Post (ICP) Atari (PB), Kumbh Mela Lighting, (Haridwar), CLTA Chandigarh etc. We not only provide with the adequate lighting fixtures but also provide all types of poles which include octagonal, Cylindrical and masts along with installation. Hence in this section we have at your service:

- 1) High Masts
- 2) Decorative Poles
- 3) Lighting Fixtures

SECURITY SERVICES

When it comes to security, it is an aspect which is highly neglected. A proper security setup is essential not only for the smooth functioning of a project but also to ensure proper security of the personnel involved. A security plan includes all important features such as surveillance, round the clock recording with remote access, restricted access and accident prevention. We at ANUBHA INTERNATIONAL are always very diligent in the aspect of security of our customers and hence we provide top quality planning and execution solutions in the form of:

- 1) CCTV Surveillance Systems
- 2) Bio-Metric Electro-magnetic Door Lock Systems
- 3) Security Alarm Systems
- 4) Fire Alarm Systems

AUTOMATIONS

In today's technology driven world, basic automations have become the need of the hour so as to increase the overall efficiency of the setup and enhance the ease of operation. Automations also help an individual/organization to keep a track record of the activities that happen in and around the premises. There are various levels and types of automations available but standard level automations are highly effective and easy to maintain and operate. We at ANUBHA INTERNATIONAL provide standard level automations to our customers which help them to easily operate their setup and also keep a check on the same. We have the following products in this regard:

- 1) Motion Sensors (For sensor operated lighting to save electricity)
- 2) Gate Motor Systems
- 3) Boom Barriers (RFID)
- 4) Lighting Automations

AUXILIARY SERVICES

These are some other essential services that are very important in any big setup which greatly help individuals and organizations in optimum utilization of the resources and flawless operation. These services are extremely pocket friendly and ensure smooth functioning of the setup. In this aspect we have the following services:

- 1) *Intercom Services*
- 2) *Internet Planning & Networking Services*
- 3) *PA Systems*
- 4) *Air Curtains*
- 5) *Puff Panels*
- 6) *Meeting/Conference Rooms*
