ANUBHA INTERNATIONAL: A PROFILE

ANUBHA INTERNATIONAL is a leading consultancy and marketing organization with a long history of success and reputation. Since its inception in 2005, its trained, experienced and knowledgeable team has been offering customized services to its clients in planning, installation and commissioning of a wide variety of products like home theater systems, fire alarm systems, security systems, home automation systems etc.

Our mission is to work alongside clients to develop efficient and affordable solutions to meet the most stringent quality requirements along with the aim of providing the latest technological and additions hitting the global market and trends.

The modus operandi of the organization is based on an open culture model and aims at dedicating highly experienced people, with a clear vision of the customer's demands and expectations.

COMPANY HISTORY

In 2005, a group of experienced, dynamic and enterprising professionals from the national electrical industry came together with the vision of establishing Anubha International based on the concept of providing customized turn-key solutions in electrical, entertainment and security surveillance installations.

Anubha International has a dedicated and professional team headed by Mr. Vipin Sharma who possess a real experience of 32 years in this profession.

MANAGING DIRECTOR

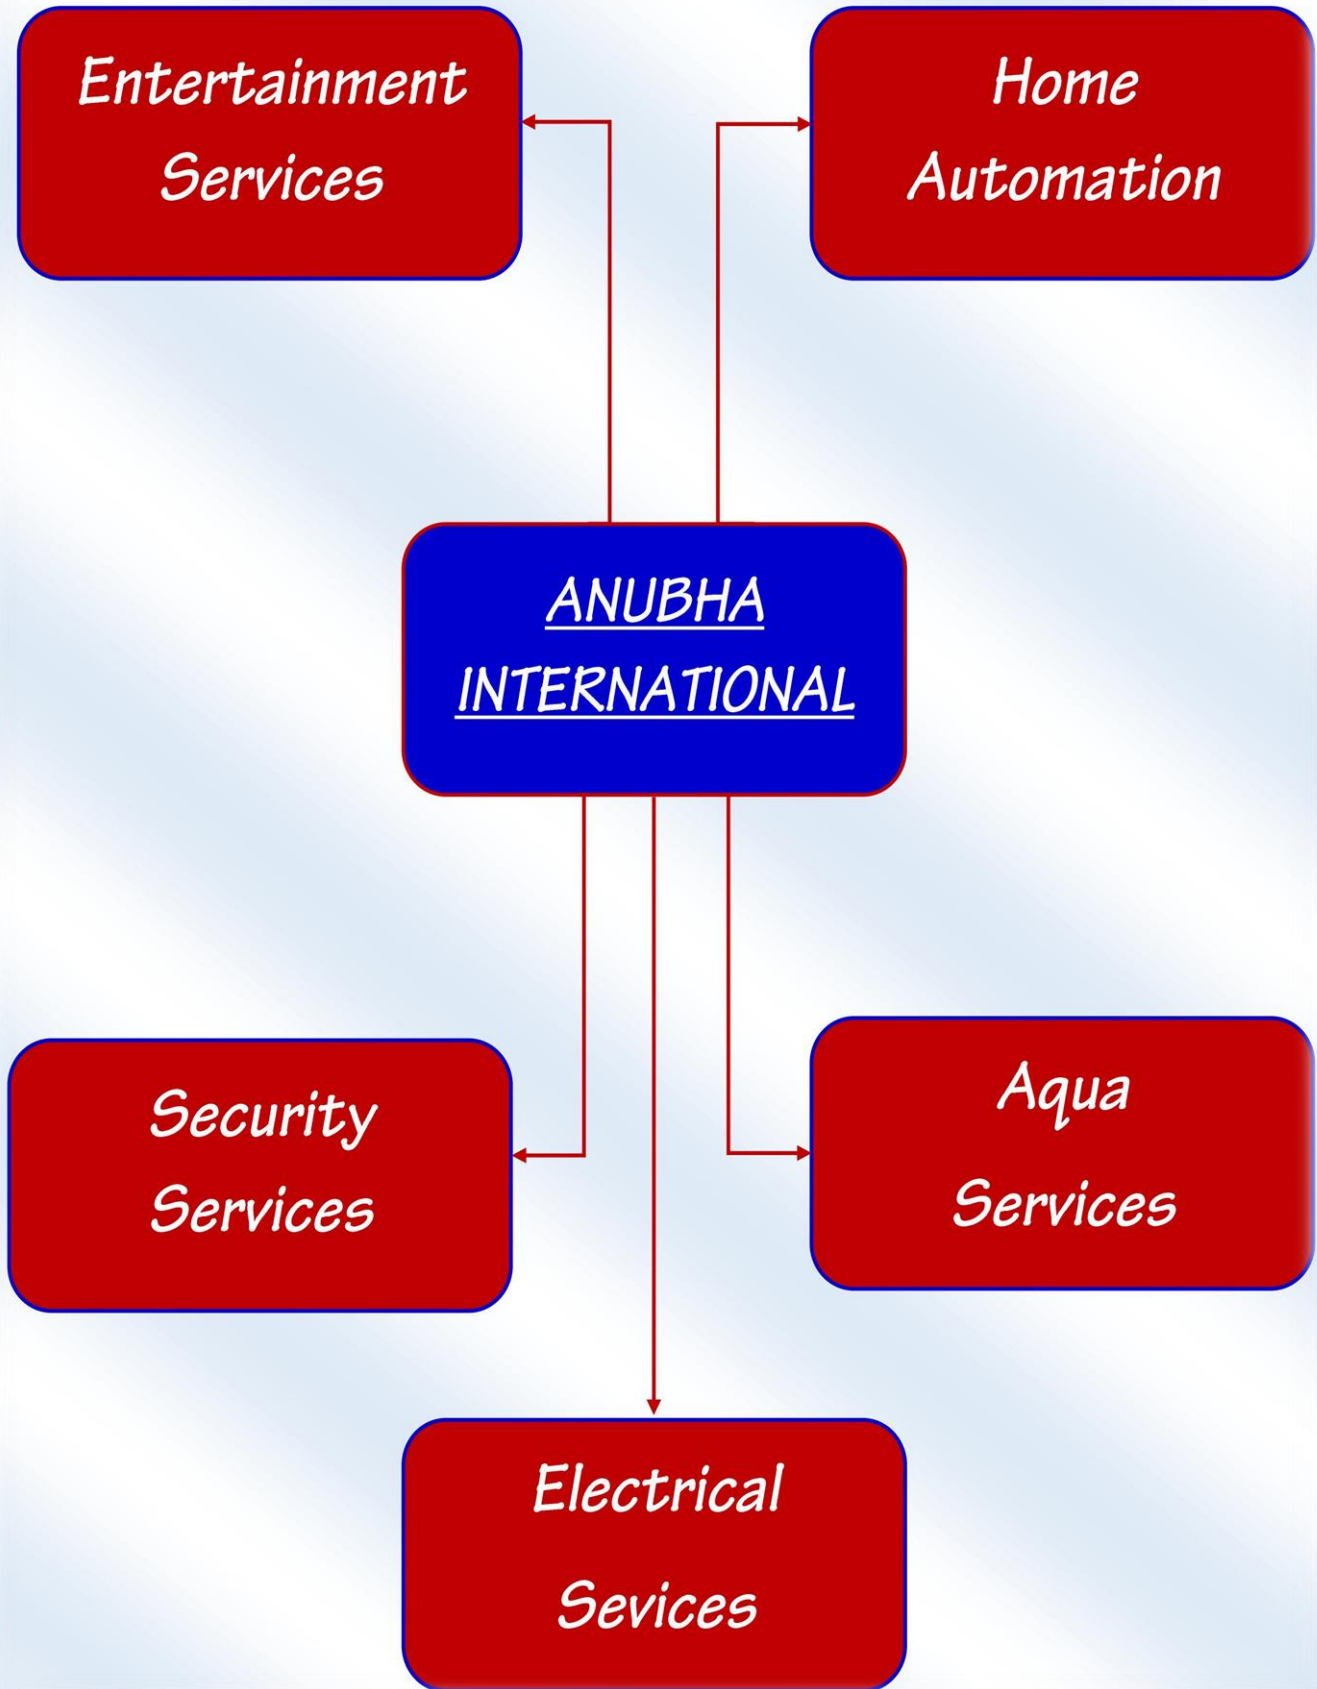

Mr. Vipin Sharma

Mr. Vipin Sharma, the Managing Director of Anubha International, holds a Master's Degree in marketing from Delhi University, New Delhi. With over 32 years of experience in the Electrical Industry, he has led Anubha International since its inception in 2005, on a steady and firm path of growth in the fields of marketing of Electrical installations, home theaters, home automations and lighting.

With a rich and wide experience in marketing and selling of various types of products and ensuring their rapid growth in multinational and national companies of repute from 1989 -2004, Mr. Sharma has nurtured his organization with a high level of professionalism in working with multiple clients, providing need based new/innovative products and offering customized services/strategies to ensure customer's satisfaction.

OUR SERVICES IN RESIDENTIAL SECTOR

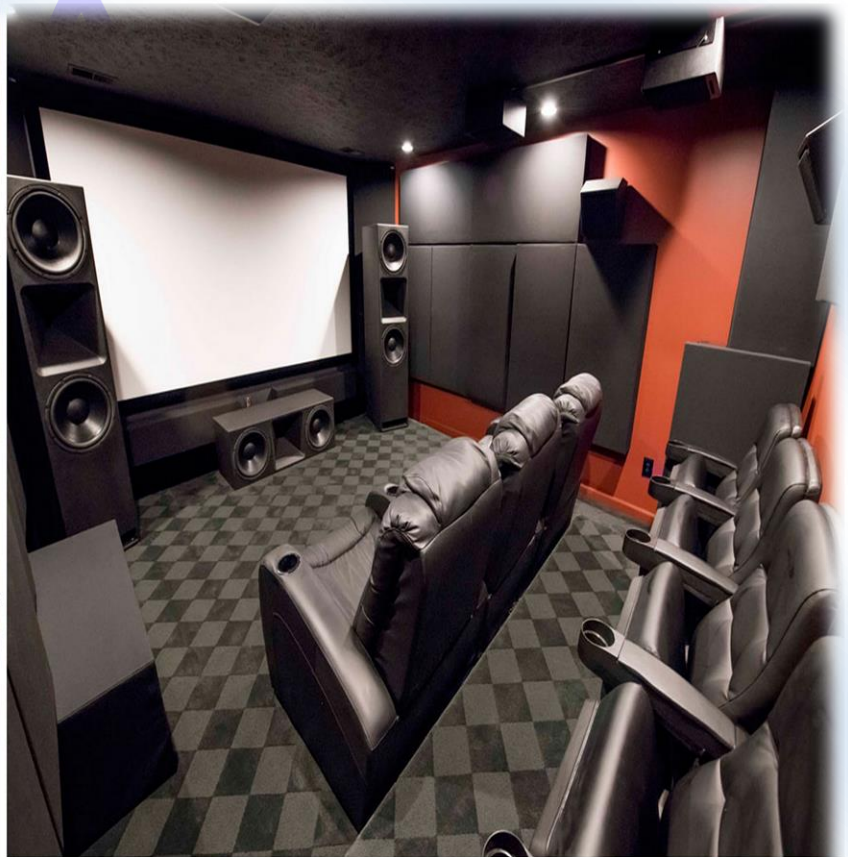

Entertainment Services

We at Anubha International have been providing cost effective Home Theater systems to our customers. With over 300 plus installations in and around tri-city, we are experts at bring the magical visuals and sound of a commercial theater to your home. We also provide acoustic designing and execution to develop a dedicated home theater room.

We provide two services under this section:

- 1) Home Theaters
- 2) PA Music System

Home Automation

A home automation system is a must in today's technology driven life. It is an integrated network based home device operating system which basically brings various devices, appliances, security systems and electrical systems into a single control source which is operated by the user.

We at Anubha International provide the following automation services:

- 1) Gate Motor Systems (Sliding & Swing)
- 2) Lighting Automations
- 3) Video Door Phones
- 4) Curtain Motor Systems

Security Services

A home security systems is an integrated network of various detectors, sensors & alerting devices which are connected through wires or with wireless technology with a control panel which controls the working of the components. In the event of an unwanted situation, the relevant sensor sends a signal to the pane which processes it and thus raises an alarm & informs the respective owner. All home security systems work on the same basic principle of securing entry points, like doors and windows. We have the following products under this service:

- 1) **CCTV Surveillance Systems**
- 2) **Security Alarm Systems**

Aqua Services

Under the aqua division of Anubha International, we provide to our customers a wide range of products which were earlier considered to be exclusively for big name hotels and resorts. The products that we have under this banner are very easy to install, operate and maintain. In addition to this, all these products add to the appeal and feel of the house and give a more luxurious and close to nature feel. We have the following products at your service:

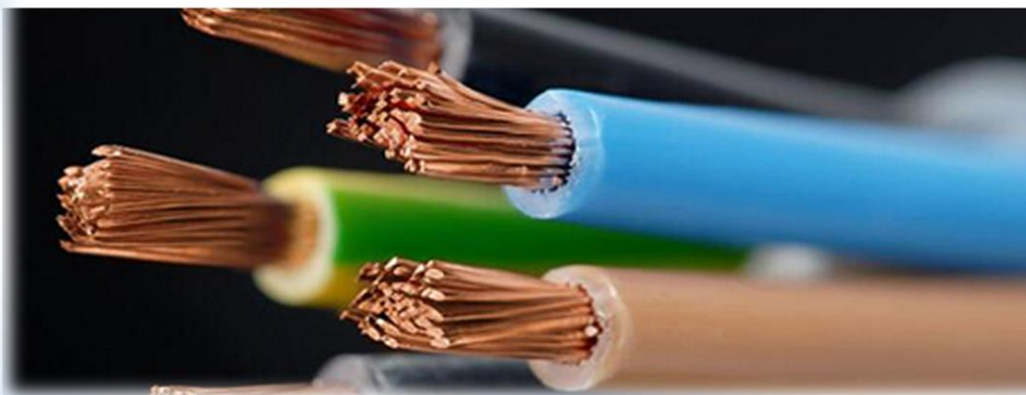

- 1) **Swimming Pools (Fiber-glass)**
- 2) **Jacuzzi**
- 3) **Waterfalls**
- 4) **Vertical Gardens (Live)**

Electrical Services

This is undoubtedly the most important component of any project as electrical portion of any project plays the integral role of the internal working of various appliances and fixtures. Proper planning and load distribution keeping in mind the correct wiring and the correct sequence of installation are the prerequisites of a good electrical plan. The lighting plan of the project is also heavily dependent on the quality and quantity of electrical entities of the electrical system. We at Anubha International provide a complete package of electrical services which ensure proper planning, execution as well as safe operation of the complete setup. The services are:

- 1) **Electrical Planning & Consultancy**
- 2) **Electrical Installation**
- 3) **Servo Voltage Stabilizers**
- 4) **Electrical Mains Panels**
- 5) **Internet Planning & Networking**

*With or without material both services are available

** Kindly refer our Anubha International Electrical Profile

Internet Planning & Networking

(This is an offshoot service under the electrical services)

With our increased usage of internet and the introduction of SMART Devices like Smart TV(s) and smart home appliances, everything is heavily dependent on the internet. Hence the proper planning and distribution of the internet in a residential building is of utmost importance. A good networking plan ensures proper Wi-Fi signal strength as well as proper internet speed in all corners of a property. We at **ANUBHA INTERNATIONAL** also provide the conventional intercom services which are a boon for customers who specially have their work place at home. It ensures easy and reliable communication within a premises.

We have the following services in our list under this banner:

- 1) **Internet planning and distribution**
- 2) **Intercom Services**
